**Did You Know?** It is often desirable to supplement with additional lipase if your health goal is healthy gall bladder support, cholesterol balance, healthy bowel movement, and healthy skin.\*

### RECOMMENDED USAGE:

Take one (1) capsule with every meal. Usage may be increased according to need as directed by health care practitioner.

Available in bottles of 60 capsules.

NO FILLERS/NON-ALLERGENIC

## Digestive formula with lipase for enhanced fat digestion\*

Complete digestion of food molecules with digestive enzymes helps reduce food intolerances and encourages a healthy and efficient immune system. Adequate absorption of essential fatty acids is also necessary to maintain healthy skin and membrane structure in cells throughout the entire body.

**Digestive Enzymes.** This enzyme-only formula is designed to assist the proper digestion of fats, starches, and proteins with particular focus on enhanced fat digestion.\*

**Focus on Lipase.** The lipase in LypoZyme™ supports occasional indigestion related to dietary fats, provides the body with a feeling of satiety which helps control appetite, and supports cholesterol and triglyceride levels already within the normal range.

**Product Combinations.** This well-tolerated formula is a good addition to other digestive formulas. Use with DigestZyme™ during a meal that is high in fat content to add extra lipase for improved fat digestion, with BalanceZyme Plus™ for extra assistance in weight management, and with EFAs to increase the body's ability to utilize essential fatty acids.\*

**Health Benefits:** LypoZyme™ is uniquely formulated with lipase for supporting healthy fat digestion, cardiovascular health, and weight management.\*
