It is not recommended to take the product for longer than 3-month intervals.

If pregnant or lactating, please consult your physician.

Available in bottles of 100 capsules.

NO FILLERS/NON-ALLERGENIC

Natural support to “jump start” the occasionally sluggish colon*

Good nutrition begins when we digest our food and finishes when the waste products are eliminated from the bowels. Bowel toxicity is brought on by poorly digested foods that ferment, putrefy, and turn rancid in the colon. This formula is designed for occasional constipation, occasional bowel irregularity, and support of a colon cleanse or detox program.*

- **Natural Ingredients.** The herbs cascara sagrada, ginger, fennel, burdock, senna, goldenseal, and psyllium are known for their ability to stimulate peristalsis, absorb moisture, and provide bulk in the colon.
- **Enzyme Blend.** The digestive enzymes amylase, lipase, cellulase, and protease are included to provide additional digestive support and encourage improved delivery of the herbal ingredients.*
- **Digestive Support.** For best results and to help prevent occasional digestive complications, use ReleaseZyme in conjunction with probiotic and digestive enzyme formulas such as Plantadophilus and DigestZyme.*

Health Benefits: Transformation’s ReleaseZyme is uniquely formulated with natural nutrients to assist the body in the elimination of waste.*
